

Hello everyone.

Thank you for your emails. I hope everyone is keeping well.

I am just setting maths and English work this week as it would be wind down time in school.

Maths:

Continue with Money.

Show children 1c, 2c, 5c coins. Practice adding up 1c coins first (up to 5c).

Demonstrate that a 2c coin is the same as two 1c coins.

Demonstrate that a 5c coin is the same as five 1c coins.

Complete pages 125, 126,127,128

You could set up a little shop at home and price some items from 1c to 5c. Play a shopping game using the coins up to 5c.

English

Fun at the Park wordwall revise lines 1-4

Can you read the words if they are on flashcards.

Now read all the pages of Fun at the Park up to page 9. This is the first story. The teacher next year will continue this book in September.

Skills books A pages 61,62,63 (optional work). This work reinforces words learned and it is usually presented in a fun way. I don't want to overburden anyone so just a reminder it is optional.

Phonics: all revision work this week. Please try to complete pages 76,77,78,79

We will be collecting school rental books this Thursday. They are 'Fun At The Park' and 'Fun at Home'. 'Fun at Home' is their previous reader from March (which was in their schoolbags).

Thank you everyone.

Miss Boland
