

Well done to everybody who is working hard at home during this difficult time. I know it is hard when we are not in school but keep up the good work. I love seeing your work in my emails. If you have any questions or want to send me some of your work my email is:

[sharon.bananagher@gmail.com](mailto:sharon.bananagher@gmail.com)

English:

- 3<sup>rd</sup> Class: Ready to Go –Chp 22 ‘Please look after this bear’ pgs 156-166 and Portfolio Handwriting – Ready to Go – Poem ‘Bear in there’ p167 (read, find rhyming words and then write out)
- 4<sup>th</sup> Class: Lift Off – Chp 22 ‘Follow the rules’ pgs 167 – 175 and Portfolio Handwriting – Lift off p166 – Poem ‘Missing’ (read, find rhyming words and then write out)

Maths:

- 3<sup>rd</sup> Class – Topic 27 ‘Time 2’ pgs 162 – 166  
Am = from midnight to midday, pm = from midday to midnight  
1hr = 60 mins,  $\frac{1}{4}$  hr = 15 mins,  $\frac{1}{2}$  hr = 30 mins,  $\frac{3}{4}$  hr = 45 mins  
Practice digital time <https://www.topmarks.co.uk/Search.aspx?q=telling+time>
- 4<sup>th</sup> Class – Topic 24 ‘Time 2’ – pgs 143 – 147  
See images below for further instructions

Irish:

- Abair Liom – p114-115 read and answer the questions and fíor nó bréagach Vocab sheet below
- Am Don Léamh 3 – p22 + 23 ‘Fear Sneachta’

Geography:

- Map and coordinates worksheets
- <https://online.seterra.com/en/> this is a nice website to practice identifying countries, counties, states, etc. on a map. Scroll down to Ireland and see if you can find all the counties.

History:

- Famous Irish people worksheet – choose one famous Irish person (e.g. Michael D Higgins, Tom Crean, Sonia O’Sullivan, Michael Collins, Mary Robinson, Bono, etc.) and fill out the sheet with your research

Science:

- The Life cycle of a Dandelion (Cloze text worksheet)

Art:

- Draw with Don – YouTube – Don Conroy has some fantastic videos to help you draw different people, animals and scenes

If you are able to, I would like you to write a letter to somebody you can’t see at this time and tell them all about what you are doing at home during this time. Maybe if you post the letter they might love to write back to you too.

Box 1. Nuair - when

óg - young  
ann - there

D'imir siad - they played.

Nathracha agus Dréimí - Snakes and ladders.

Thaitin le - he enjoyed

Tháinig - came

céad - first

an t-ainm - name

an-simplí - simple

cosúil - like.

Box 2. Ionad siopadóireachta - shopping centre

Bhí ort... a bhualadh - You had to beat...

an-ocras - very hungry

gach rud - everything

scáileán - screen

Box 3 Anois - now

gach sórt - every sort / type

ar chonsól - on consols.

ag daoine - people have

gúid fón - phones.

cosúil - like

ar líne - online

(start)

Q's. ① Cad - what = D'imir

② Cathain - when = Tháinig

③ Cén áit - where = D'imir

④ Cad a tharla - what happens = Bhí an t-ocras...

⑤ Cén sórt - what type = Taitníonn

⑥ Conas - How = Imríonn

⑦ An cuimhin leat an chéad chluiche... - Do you remember the first computer game you played?

# Adding Time :

Eg. hr | mins.  
2 | 38  
+ 4 | 43  

---

→ Do the hours and minutes separately

① Always do minutes first

hr | mins  
2 | 38  
+ 4 | 43  

---

38 mins  
+ 43 mins  

---

hr | mins  
2 | 38  
+ 4 | 43  

---

② Then do the hours.

2 hrs  
+ 4 hrs  

---

**BUT** We can't have 81 minutes because there is only 60 mins in 1 hour.

So

We change our minutes - (81 mins) - into hours and minutes - 81 mins = 1 hr 21 mins.

Then we get.

hr | mins  
2 | 38  
+ 4 | 43  

---

21

## Taking away Time :

Eg. 

hr	mins
5	56
- 3	24
-----	-----
2	32

 $\Rightarrow$  Do the hours and minutes separately

① Do the mins first

$$\begin{array}{r} 56 \text{ mins} \\ - 24 \text{ mins} \\ \hline 32 \text{ mins} \end{array}$$

② Then do the hours.

hr	mins
5	56
- 3	24
-----	-----
2	32

$$\begin{array}{r} 5 \text{ hrs} \\ - 3 \text{ hrs} \\ \hline 2 \text{ hrs} \end{array}$$

## BUT

If the minutes on top are smaller than the minutes on the bottom you must borrow 1 hour = which is 60 mins.

Eg. 

hr	mins
4	18
- 1	46
-----	-----

18 is smaller than 46 so we borrow 1 hr (60 mins).

$\Rightarrow$  4 hr 18 mins then becomes 3 hrs 78 mins  $60 + 18 = 78$ .

hr	mins
3	78
- 1	46
-----	-----
2	32
